JURY CITATION

The Final Jury celebrates Park Royal on Pickering as an outstanding example as it sets a defining and exemplary role of landscape in commercial high-rise developments.

The ancient idea of the 'hanging garden' has been pulled into the present in this tiered garden that engulfs the building.

Well-conceived maintenance zones, sensitive species choice, and irrigation management illustrate the holistic design sensibility of the project.

Damian Tang,  
SILA Council President 2013/2014
