

SINGAPORE LANDSCAPE ARCHITECTURE AWARDS

2013

OUTSTANDING AWARD OF EXCELLENCE
BY FINAL JURY
& GOLD AWARD

PARK ROYAL ON PICKERING

The project demonstrates how good design can be both sustainable and unique, creating a strong product and branding for the developer, an attractive workplace and destination for the traveller, and also a striking and refreshing addition to the city.

GOLD AWARD

158 CECIL STREET

The project aims to bring in life, energy and visual excitement to a seven-storey high vertical garden which initially was nothing but a barren shaft of the building atrium. This deviation from the concrete nature of most of the inhabitants of the Central Business District gave way to an internal private oasis of vertical green landscaping.
